PROFILE

With a diverse background and a passion for continuous growth, I bring a blend of creativity, adaptability, and strong interpersonal skills to every aspect of my life. Guided by a set of core values centered around integrity, empathy, and resilience, I approach challenges with a positive mindset and a commitment to excellence. My curiosity drives me to explore various interests, and I find joy in both personal pursuits and collaborative endeavors. I am dedicated to fostering meaningful connections and making a positive impact on those around me.

SKILLS

Communication
Adaptability
Leadership
Data Analysis
Creativity
Organizational Skills
Novice in C++
Dabbled in Python

EXPERIENCE

Blackbird Bakery Manager (2023-2024)

As Blackbird Bakery manager, I embraced the role with a focus on creating a diverse and inclusive space. From overseeing operations to fostering community connections, the experience was a journey of growth and flavor. I took pride in curating a menu that celebrated different tastes and cultures, while also building a team that felt like a family. Navigating challenges taught me valuable lessons in leadership and adaptability, making the role a fulfilling blend of delicious treats, diverse connections, and personal growth.

EDUCATION

Electrical Engineering at
Tennessee Tech University

Northeast State Community College

Associate degree in Mathematics
and Physics (Spring 2024)

Rural King Customer Service Specialist (2022-2023)

As a retail store's customer service specialist, my focus was on creating exceptional experiences for shoppers. I adeptly handled inquiries, resolved issues, and built a strong rapport with customers. Navigating diverse queries honed my problem-solving skills, emphasizing adaptability and effective communication. The role was a fulfilling blend of service excellence, interpersonal skills, and a commitment to enhancing the overall shopping experience.

Project Experience

Alpha Lota Chi Member (2021-2024)

The Northeast State Honors Student Association strives to build fellowship among its members outside the classroom. It offers educational events, social activities, and community projects to contribute to the college's overall atmosphere and development. Honors-eligible students are actively involved in scheduling and planning Northeast State Honors events, including the implementation of Honors Exploratory Experiences in Fall 2024—these experiences, such as cultural events, leadership development, and service-learning opportunities.
